

# 5-STEP THREAT ASSESSMENT

**Step 1:** Consider your current location and circumstances and list the threats that are most likely to affect you in these 4 categories:

Natural Disaster	Extreme Weather	Personal Disaster	Man-Made Disaster

**Step 2:** In each category, circle the one threat that is most likely. List those 4 threats here:

**Step 3:** Now prioritize those 4 threats by numbering them 1-4, with 1 being the most likely.

**Step 4:** Of the 4 threats that are most likely, choose the one that currently concerns you most: \_\_\_\_\_

**Step 5:** Begin preparing for this event by formulating a plan for that scenario. Consider these 6 categories for preparing: sanitation, sustenance, survival gear, shelter, security, and sanity.
